WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how those poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

Mr. and Mrs. B. Hadad have had as their guests for several days the latter's mother, Mrs. Anderson of Detroit, Tipton county, and Mrs. Woodbury of Tipton.

every part of the county will be heard from and every part have a part and parcel in the efforts for bettering the roads.

The West Tennessee Farmers Institute will convene on September 6 at the state farm near Jackson for a three day session. The program just received by The Falcon is one of interest to every farmer in the state and delegates chosen at the recent county meeting here should not let anything interfere with their going. The railroads give the transportation, the speakers come from the state university and the U. S. Department of agriculture and are experts in their several lines. Fayette county should have a rousing delegation there.
